

We are the right move for you !

IWM

IWM exists on Russian market since 1996. During this period of time we became a good friend and reliable partner for our clients all over the world.

Both big companies and private persons trust us and we are glad to suggest our help in domestic household and office moves and also in moving of commercial cargoes.

IWM has been dealing with domestic household moves for more than 14 years already. We have an individual approach to all our clients and pay special attention to all their wishes. You can safely entrust us with the most valuable things: professional packers and able loaders will gently and safely pack antique tableware and furniture, pictures and exclusive stuff of any kind.

We have rich experience in office move organization and we can guarantee that your move will be executed at the earliest possible dates, office equipment will be safely packed and not a single document will be lost.

IWM also suggests a wide range of services: cargo insurance, responsible storage of goods, transportation, “door-to-door” delivery, unconventional cargo operations and also realization of special projects.

The managers of IWM speak English, German, French and Dutch and are always glad to answer any questions of the client and undertake solution of all problems and disputable situations that can arise. Such companies as IKEA, HSBC bank, Knight Frank, Hannes Snellman, RFT Project Management, PricewaterhouseCooper, Standard Bank ,HayGroup and many others trust us and we highly appreciate our partners’ confidence.

Fully solving all problems we everyday prove in practice that move is simple!

Being called-for, we open new branch offices of our company all over Russia. Thanks to great network of our agents and partners we can provide our service in any place of the world.
