

St.Petersburg, February 2010

Dear fellow AEB members,

The Liden & Denz Language Centres in St. Petersburg and Moscow offer **Russian, English and German language courses** for academic, leisure or business purposes. Our award winning and internationally accredited language schools combine excellent teaching with modern facilities and a competent organisation. Our aim is to harmonize the academic traditions together with the present-day innovation teaching methods in order to make the learning process not only interesting and vivid but also thorough and structured.

Our centers offer flexible ways of studying:

Standard group courses: Communicative teaching in small groups makes this course a pleasurable and productive experience. Our Standard Group Course gives participants the chance to learn communicative skills in "real life" situations.

One-to-one classes: Teacher and student jointly determine the exact content of any One-to-One course. The student is invited to specify his/her field of interests, which allows us to pre-select material, establish a study-plan and prepare a specific vocabulary. This form is ideal to those students who have tough schedule or a limited period of time to reach specific goals.

For corporate clients we offer **in-company training**. Courses are organised at the client's place of work, either individually or in closed groups, which are formed according to the results of an assessment test. All our courses are tailor-made to suit the needs of the client's company. We offer in-company training at almost any time of the day, seven days a week: early morning sessions, lunchtime lessons, evening classes, English-language weekend seminars.

Our centers offer special discounts for the AEB members:

Group courses	One-to-One courses	In-Company Training
20%	10%	10-15%
