

## Press-release

10 November 2023

### Sales of new construction equipment in Q3 2023 and in January-September 2023 in Russia

The provided data reflects an incomplete market of construction equipment due to the fact, that not all market participants currently take part in the AEB statistical data exchange. The Construction Equipment Committee is working to attract new players to the data exchange program, in particular Chinese.

The Construction Equipment Committee (CEC) was created by the Association of European Businesses (AEB) in February 2008.
