

## VEGAS LEX AT VOLGOGRAD STATE UNIVERSITY JOB FAIR

### VEGAS LEX has taken part in the annual Job Fair at Volgograd State University.

On March 24, 2017 Volgograd State University hosted the Job Fair, a traditional meeting of the region's leading employers with students, in which the VEGAS LEX law firm\* took part.

Representatives of major Russian companies told students about their current job offerings and internships. Students could do a small interview on the spot, fill in questionnaires and find out which candidates are in demand on the labor market. The chance to find out what qualities they primarily pay attention to when selecting an employee is a major benefit of direct communication with employers.

“We offer a program of internships and are mainly looking for students who are purposeful, active, ready to perform diverse tasks, able to work overtime and, of course, to keep our eyes burning, which is our motto. Usually we consider third-year students and older, with basic knowledge of jurisprudence,” says **Anna Lavrentyeva**, a junior associate of VEGAS LEX Volga Directorate.
