

## **ALBERT EGANYAN SPEAKS ON MOSCOW 24: RAMENSKOYE AIRPORT WILL EASE PRESSURE ON MOSCOW AIR HUB**

**Albert Eganyan, VEGAS LEX Partner, Chairman of the Board of Partners, commented on the Moscow 24 TV channel on the condition of airport infrastructure and on the construction of the new airport, Ramenskoye.**

A new air passenger terminal, Ramenskoye\*, is being built in Zhukovsky in the Moscow Region, which currently houses the air base of the Flight Research Institute. It will be the first combined air transport facility in Moscow serving experimental, state and civil flights. The new airport will also help ease overall pressure on the Moscow air hub. \*\*

Comment by [Albert Eganyan](#), VEGAS LEX Partner, Chairman of the Board of Partners, on the current condition of airport infrastructure is available on [the Moscow 24 TV channel website](#).

The program was aired at 22:45 on September 11. To watch the video, please click [here](#).

\*\*\*

*\*Ramenskoye is the experimental airfield (testing facility) of the Gromov Flight Research Institute in Zhukovsky, three kilometers southwest of the Platforma 42 km railway station. It can receive aircraft of any class or type and puts no restrictions on takeoff weight. Source: [Wikipedia](#)*
