

LeasePlan held its first e-event 'Vehicles return. Self-insurance' in the middle of June. Start of SafePlan special program announced within e-event – Move your fleet to SafePlan and get reward for Fair Wear and Tear. Get in touch [with us](#) to know more information and [download presentation](#) from e-vent. SafePlan is unique product on the Russian market and among LeasePlan products which offers the opportunity to lease vehicles with damage risk coverage carried by LeasePlan. SafePlan delivers easier accident management for your fleet, downtime reduction and operational excellence.

With over 50 years' experience and 1.9 million vehicles under management in over 30 countries, LeasePlan is a trusted partner for its corporate, SME, private and mobility customers. Our Car-as-a-Service business purchases, funds and manages new vehicles for our customers, providing a complete end-to-end service. We can help you control your total cost of the fleet ownership, reach your sustainability targets and optimise your fleet.
