

# TP guide: A handbook on transfer pricing regulation in Russia

[Read in English](#)[Read in Russian](#)

Navigating the labyrinth of changes made to Russian tax legislation over the past few years can be challenging even for professionals.

We have prepared this guide to assist taxpayers in navigating the complexities of Transfer Pricing (TP) compliance. It provides a concise overview of the basics of TP regulation in Russia, taking into account the most significant changes applied from the 2024 reporting year, along with our practical advice on preparing key TP reporting forms.

We hope this information will be useful to you and remain available for any questions or suggestions you may have.
