Who we are

Founded in 2008, LLC “Corporate Health” has dedicated its activities to improving the level of health, well-being and productivity of employees in order to increase business efficiency. “Corporate Health” is a Russian company and is run by Russian specialists. We have set up and developed a highly efficient, well-trained network of professional consultants working in various cities around Russia, Ukraine and Kazakhstan.

In our work, we combine the experience of Russian specialists with the achievements of two well-known providers of Employee Assistance Programs in the United States - **Chestnut Global Partners** and **BEAC**. Their clients include the most well-known multinational companies in more than 125 countries worldwide. Some of these companies are also clients of “Corporate Health” in Russia, Ukraine and Kazakhstan

Our services meet the highest standards set by professional associations such as EAPA and EASNA.
