* [*“Pravo.Ru-300” Ranking*](#) represents the most complete and comprehensive national survey of the Russian market of legal services and is also a tool for the courts when they need to assess the professionalism of trial lawyers. The ranking is based on information for 2015 other than lawyers’ rankings that are provided as of August 2016. In 2016, substantive changes in the rating system were made, in particular, new assessment areas were added, and quorum criterion by areas of law and obligatory client satisfaction surveys were introduced.
