PLENARY SESSION 1

Russia's role in the global oil and gas business

EXPERT DISCUSSION

Russia as a strategic partner on world Energy market

International energy dialogue as a factor of oil and gas business development ▪ Energy dialogue between Russia and Europe: status and prospects ▪ Ways of diversifying energy supplies ▪ Turkey-Russia, China-Russia: development of energy partnerships ▪ Adapting the Russian oil and gas complex to the new environment and developing its competitiveness against the backdrop of turbulence of hydrocarbon prices ▪ R&D in Russia's oil and gas sector

Keynote Welcome Addresses:

Kirill Molodtsov, Deputy Minister of Energy, Russian Federation

Pavel Zavalny, Chairman, State Duma Committee on Energy, Russian Federation

Denis Manturov, Minister of Industry and Trade of the Russian Federation / **Vasiliy Osmakov**, Deputy Minister of Industry and Trade of the Russian Federation

Ministry of Natural Resources and Environment of the Russian Federation, representative

representative

Chair:

Igor Vittel, Political scientist, TV host, NTV

Invited Speakers:

Mohammad Barkindo, OPEC Secretary General, OPEC (interview - ?)

Dmitry Sokolov, Head, Energy Economics and Forecasting Department, Gas Exporting Countries Forum (GECF)

Iulian-Robert Tudorache, Deputy Minister, Romanian Ministry of Energy
Energy dialogue between Russia and Romania – prospects and perspectives

JSC RUSNANO, management representative

Unegbu Godswill, Second Secretary, Embassy of Nigeria in Moscow

Ministry of Energy and Natural Resources, Republic of Turkey, representative

Emre Engür, Director of International Projects Department, Botas

Ministry of Petroleum, Islamic Republic of Iran, representative

National Energy Commission, People's Republic of China / State Electricity Regulatory Commission / Russia-China Intergovernmental Commission on Energy Cooperation, representative

representative

Pavel Revel-Muroz, Vice-President, Transneft

Genady Shmal, President, Union of Oil & Gas Producers of Russia

Vladimir Drebenstov, Chief Economist for Russia and the CIS, Vice President for External Relations, BP

BP – Statistical Review of World Energy 2018

LUKOIL, management representative

Gazprom Neft, management representative

Tatneft, management representative

Oil Company Rosneft, management representative
Frank Schauff, Chief executive Officer, Association of European Businesses / AEB
Joel Hanley, Editorial Director, European & African Oil, Platts
Torgeir Kydland, President, Statoil Russia

Maxim Shoob, General Manager External Relations, Russia, Shell Exploration & Production Services (RF) B.V.

Norwegian Energy Partners / NORWEP, management representative
Gleb Luxemburg, Senior vice-president for transformation, NOC Kazmunaygas
Alexander Bylkin, senior consultant, Vygon Consulting

The impact of Russian export of oil products on European markets

Chen Weidong, Former Director of Energy Research, CNOOC

Alexey Rybnikov, SPIMEX

Development of a new pricing mechanism for Russian export oil and oil products

Valery Bessel, Executive Vice President, GC "NewTechServices", Professor of the Gubkin Russian State University of Oil and Gas (National Research University)

EXPERT DISCUSSION: Russia as a strategic partner on world Energy market

How to raise investments at a time of sanctions ▪ Project financing issues in Russia's fuel and energy complex against the backdrop of stringent sanctions policies ▪ Consolidation of positions on existing markets and search for new markets

15:00-15:30

Networking Coffee Break

15:30-17.30

PLENARY SESSION 2

**Exploration and production of oil in Russia:
 adapting to the new operating environment
 Overview of key projects in the industry**

Oil field services in Russia: issues and growth opportunities ▪ Current state of Russian geological exploration ▪ Ensuring an increment in hydrocarbon reserves using internal funds ▪ Specifics of production of hard-to-recover reserves in Russia, including shale oil ▪ Experience of using best practice business models in the development of fields: IPM (Integrated Project Management), PMC, EPC ▪ R&D in the oil field service sector

Co-chair:

Valery Bessel, Executive Vice-President, GC NewTechServices, Professor, Gubkin Russian State University of Oil and Gas, (National Research University)

Denis Prokofiev, Head of Department for New Technologies, Gazpromneft NTC

Invited Speakers:

Igor Shpurov, general director, Federal Agency on Mineral Resources (Rosnedra), FBO "State Commission on Mineral Resources" (Ministry of Natural Resources of Russia)
Development of highly watered and depleted oil and gas fields

Roman Panov, Chief Executive Officer / **Ruslan Gorring**, First Deputy Director, Head of the Operational Unit, Russian State Geological Company

5th RUSSIAN-IRANIAN FORUM / RIOG 2018

**Russia-Iran: Co-operation in technology and investment
 for the oil and gas industry**

Main areas of cooperation with Iran ▪ Iranian LNG as a means of diversifying natural gas exports ▪ Cooperation strategies for supplies to the Iranian market ▪ What does demand from Iran mean for Russia? ▪ Investment projects in Iran ▪ Application of Russian technologies in Iran ▪ Application of Iranian technologies in Russia ▪ Sanctions as an incentive to make progress: development of Iranian technologies for the oil and gas industry ▪ Standardisation of Russian equipment for export to Iran ▪ The South Pars project ▪ Opportunity for the participation of Russian companies in the new projects in Iran ▪ Opportunity for the participation of major Iranian companies in Russian offshore projects: free access to equipment and technologies

Invited Speakers:

National Iranian Oil Company / NIOC, management representative

National Iranian Gas Company / NIGC, management representative

Jafar Towfighi, Secretary General, Office for Technology Development & Innovation in Oil, Gas and Coal Industries

Modern approaches of Russian State Geological Company in new hydrocarbon production regions in Russia

Oleg Dubnov, Vice-President, Executive Director of Energy Efficiency Cluster, Skolkovo Foundation

Gokhan Saygi, President, Russia & Central Asia, Schlumberger

Experience of using the IPM (integrated project management) business model in Russia

Oleg Zhdaneev, Manufacturing Manager of Russia and Central Asia, Schlumberger

Import-replacement: next steps

Darya Kozlova, Senior Consultant, VYGON Consulting

Production scenarios: taxes, technologies, financing

Alexey Govzich, Chief Executive Officer, Salyem Petroleum Development (SPD)

Sergey Vakulenko, Head of Strategy and Innovations, Gazprom Neft

New fields of KhMAD and the Orenburg region

Mikhail Chertenkov, Deputy Chief Executive Officer of Field Development Technology, LUKOIL Engineering

Specifics of the production of extra heavy crude oil

Aleksey Isakov, Head of Service Contracts Support Division, Rosneft

Tatneft, management representative / **Renat Muslimov**, member of Tatarstan Academy of Sciences

Oil recovery enhancement

Victor Darishchev, Deputy General Director for Science and Innovation, JSC RITEK

John Milne, Exploration Manager, Statoil Russia

Jacques de Boissésou, General Director, Total E&P Russia

Arnaud Le Foll, General Director, Total E&P Russia

Vyacheslav Grishankov, Tech Advisor-Drilling, Senior engineer of project management department, Halliburton
