The Association of European Businesses (AEB) is against the US sanctions

The Association of European Businesses (AEB) expresses its disagreement over US economic sanctions. The Association is convinced that business is one of the most important connecting links between states and people, and the principle of free trade should not be restricted by such measures.

The Association calls on the Heads of States and Governments of the EU, the USA and Russia to define a new policy, leaving business out of politics and finding a common, mutually acceptable, solution in the spirit of peace and conciliation.

The AEB brings together more than 500 companies from the EU and the European Free Trade Association (EFTA). It is the main representative of the interests of foreign investors in both Russia and the Eurasian Economic Union (EAEU).
