SALES OF NEW CONSTRUCTION EQUIPMENT FOR Q1 2019 IN RUSSIA INCREASED BY 13%

The Construction Equipment Committee (CEC) was created by the Association of European Businesses (AEB) in February 2008. At the moment CEC represents interests of 80% road-building and special machinery companies of the Russian market.

Comments **Andrey Komov, AEB Construction Equipment Committee Chairman, Managing Director, Volvo CE Russia:**

“The good news is that the market grew by 13% in Q1. But what's not so good is that growth is very unstable. Looking at the sales statistics of specific vehicle types, using medical terms, we notice market "arrhythmia," i.e. rhythm disturbance. The market has good opportunities for more stable growth, though it won't happen instantly, but during the active phase of the road construction season. We really hope that said disorder won't manifest itself in Q2, and we'll witness a more stable situation”.
