

Digital Law Digest 2023

[Read in English](#)[Read in Russian](#)

Digitalisation of our life has progressed massively over last years. Legal regulation is also actively evolving to keep pace.

Although the Digital Law concept is still establishing, there are a lot of legislative developments which are already in place.

We are pleased to present this digest encompassing the latest news and all the main changes in digital law in 2023.

The digest is available in English and Russian.

We hope you will find this information useful. Please feel free to contact us should you have any questions or suggestions.
