September 30, 2016 saw the official opening ceremony of the new Leroy Merlin store in Lyubertsy, Moscow region.

The new 20,000 m² store is built on a 5,5 ha site. Tebodin in Russia executed the checking of design solutions of basic and detail design stages, and provided construction supervision during the construction stage. The new store has a favourable location near Moscow. It is the sixteenth store opened in Moscow region and the fifty-second in Russia.

Representatives of the project team were at the opening ceremony.

Maxim Demidov, project manager: 'We are proud on the result. We would like to express our thanks to the project team and engineers who worked on the project'.

About Leroy Merlin

Leroy Merlin is an international retail company selling goods for home, cottage and garden improvement, construction, and decoration. The Leroy Merlin brand helps people all over the world to make their homes and quality of life better.

Leroy Merlin is a leading company on the Russian DIY market. The first Leroy Merlin hypermarket in Russia opened in 2004 in Mytishchi, Moscow Region. By 2016, 52 stores had been launched in our country.
