“Gans und Tanz” is one of the major Moscow charity events with a long history. Thanks to our guests and sponsors we managed to raise more than 800 thousand rubles in 2014.

With this year’s **“Gans und Tanz”** income **we are helping the Integrative Theater Krug II**. Founded in 1997, the theater helps children with mental and physical disability to show their talent. The concert’s program consists of many famous composers’ musical selections as well as original items created by the studio.

All incomes will send on project **“Summer camp”**. More information here
