INVESTMENT OFFERS OF THE CHUVASH REPUBLIC

Status of the project:

Area for production is chosen

**Land for the first phase of the project
implementation is chosen**

Key parameters:

- ☐ **plant of a full cycle of PCB manufacturing for both domestic and foreign manufacturers of up to 20 layers and more with an accuracy class 6 or higher**
- ☐ **performance is 70 000 sq.meters of printed circuit boards per year**
- ☐ **discounted Payback Period/term of the project is 6.5 /10 years.**

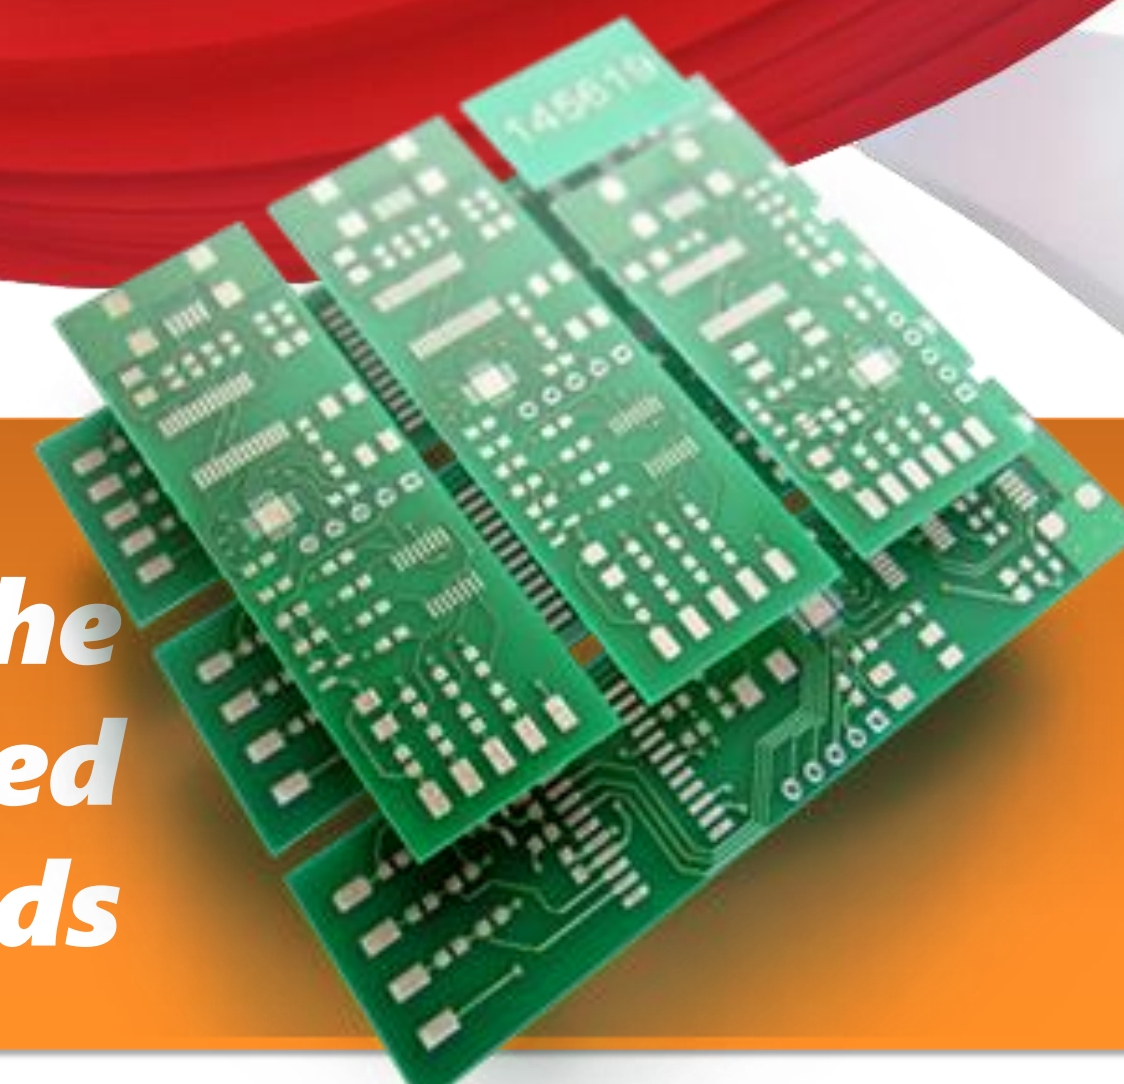

Project success criteria:

demand in printed circuit boards in the Chuvash Republic and the Russian Federation (market volume is 4.5 billion rubles)

Options for investors' participation:
direct investments

1.2 billion rubles

**Construction of plants for the
manufacture of printed
circuit boards**

INVESTMENT OFFERS OF THE CHUVASH REPUBLIC

Key parameters:

- ☐ **creation pumps and pumping equipment production, including individual orders**
- ☐ **sphere of application - oil-extracting branch, power industry, highly effective manufactures (fuel, gas, thermal power stations, hydroelectric power stations)**
- ☐ **application in a wide range of temperatures up to 450 ° C**
- ☐ **project implementation period - 2017-2020**

Project readiness:

- ☐ **we already have a site for production placement at JSC "Techmashholding", Cheboksary, Mashinostroiteley Passage, 1**
- ☐ **production facilities are available**

Options for investors' participation:
direct investments

1.5 billion rubles

**Production of pumps
for the power industry**

CHUVASHIA

INVESTMENT OFFERS OF THE CHUVASH REPUBLIC

Project goal:

- ☐ **Organization of the IT-technopark on the platform of the existing property complex**
- ☐ **Creation of a Data Center on the basis of IT-technopark**
- ☐ **Call center creation**

IT technopark can place on its basis the following segments:

Information infrastructure including server equipment for data processing and storage;

Telecommunication infrastructure;

Engineering infrastructure maintaining IT technopark main systems operation

IT technopark

Options for investors' participation

joint venture, direct investments

400 million rubles

CHUVASHIA

INVESTMENT OFFERS OF THE CHUVASH REPUBLIC

Object parameters:

- ☐ **wholesale distribution center for storage of potatoes and vegetables for 10 000 tons in containers with cooling, workshop for pre-sale preparation**
- ☐ **a full cycle of processing of agricultural products is supposed: collection, packing, distribution, drying of vegetables and fruit, storage in refrigerators and freezing chambers, processing of agricultural products**
- ☐ **all the necessary communications are brought**

Criteria for project success:

- ☐ **The Chuvash Republic is one of leading regions in potato production;**
- ☐ **Deficiency of capacities for long-term storage of vegetables in the republic;**
- ☐ **Minimal losses for container storage of vegetables**

Options for investors' participation:

joint venture

loan

project financing

382 million rubles

**Creation
of a wholesale distribution center**

CHUVASHIA
