

Technical Seminars Programme

«Russia's Oil & Gas industry: move towards disruptive technologies»

18-21 June 2018, Crocus Expo, Pavilion 3

Day 1 • 18th June • Monday

	Congress Hall 1 Hall 13	Congress Hall 2 Hall 14	Congress Hall 3 Hall 14	Hall 20, Congress Halls 1a, 2a-4a Floor 4
	Oil and Gas Exploration	Development of Oil and Gas fields	Transportation and storage of oil, oil products and gas	Automation / Metrology for the Oil and Gas industry
10:30-12:30	<p>Round table Partner: Rosgeo</p>  <p>Geophysical instrument manufacturing: localisation of production and new technologies</p>	<p>Technical workshop Organiser: Engineering Practice Ltd</p>  <p>Systems for monitoring and management for mechfond data system and oil fields exploration and development / Monitoring 2018 Session 1</p>	<p>Conference Partner: PIPELINE transport institute / NII Transneft</p>  <p>New technologies, equipment and materials for design, construction, operation and repair of main pipelines Round table 1 Ensuring the reliability and safety of pipeline transport facilities</p>	
13:00-15:00	<p>Conference Partner: Eurasian Union of Experts on Subsoil / EUES</p>  <p>The role of the new classification in rational subsoil use</p>	<p>Technical workshop Organiser: Engineering Practice Ltd</p> <p><i>Continued</i></p>  <p>Session 2</p>	<p>Conference Partner: PIPELINE transport institute / NII Transneft</p>  <p><i>Continued</i> Round table 2 Current issues of construction and operation of pipeline transport facilities</p>	<p>Congress Hall 1a</p> <p>Congress Halls 2a-4a 14:00-17:30</p> <p>Global Energy Summit Organiser: Huawei</p> 

15:30-17.30

Conference
Partner: Euro-Asian Geophysical Society / EAGO

Secondary oil-and-gas-bearing formation completion systems: advanced technologies, innovation solutions

Technical workshop
Organiser:
Engineering Practice Ltd

Continued

Session 3

Technical workshop
Organiser:
Engineering Practice Ltd

Cable products for oil and gas complex

15:30-17.00

Media roundtable

Organiser:
Huawei

	Congress Hall 1 Hall 13	Congress Hall 2 Hall 14	Congress Hall 3 Hall 14
	Oil and Gas Exploration	Development of Oil and Gas fields	Transportation and storage of oil, oil products and gas
10:30-12:30	<p>Lecture Partner: European Association of Geoscientists and Engineers / EAGE</p>  <p>Land seismic - new technology levels</p>	<p>Conference Partner: Associations of drilling contractors</p>  <p>Construction and operation of oil and gas wells on land and offshore Technical Section 1: Oil and gas wells drilling technologies: modern experience and prospects</p>	<p>Conference Partner: VNIIGAZ</p>  <p>Topic tbc</p>
13:00-15:00	<p>Lecture Partner: European Association of Geoscientists and Engineers / EAGE</p>  <p>Oil saturation of sedimentations basins within continental margins</p>	<p>Conference Partner: Associations of drilling contractors <i>Continued</i></p>  <p>Technical Section 2 Construction of wells in the fields with hard-to-recover reserves with TRIZ Theory of Inventive Problem Solving</p>	<p>Master-class Partner: Gazprom StroyTEK Salavat</p>  <p>Reliable contractor for Gazprom</p>
15:30-17.30	<p>Lecture Partner: European Association of Geoscientists and Engineers / EAGE</p>  <p>Oil saturation of sedimentations basins within continental margins <i>Continued</i></p>	<p>Conference Partner: Associations of drilling contractors <i>Continued</i></p>  <p>Technical Section 3 Hydraulic fracturing and multistage fracturing in horizontal wells</p>	<p>Round table Partner: VYGON.Consulting</p>  <p>Russian LNG Projects: Technologies and Markets</p>

Day 3 • 20th June • Wednesday

	RPGC 1 Hall	RPGC 2 Hall	Congress Hall 1 Hall 13	Congress Hall 2 Hall 14	Congress Hall 3 Hall 14
	Technologies and equipment for Oil & Gas Industry	Health, safety and environment	Automation / Metrology for the Oil and Gas industry	Development of Oil and Gas fields	Technologies and equipment for Oil & Gas Industry
10:30-12:30	<p>Forum</p> <p>Promotion of Russian oil and gas equipment and technologies to the countries of the Middle East and the Persian Gulf: key steps and success factors</p>	<p>Forum</p> <p>Partner: European-Russian Business Association / ERBA</p>  <p>Ecological safety and innovation ecological technologies for oil development and oil refining</p>	<p>Conference</p> <p>Partner: International Society of Automation / ISA</p> <p>Topic tbc</p> 	<p>Round table</p> <p>Partner: Crude oil mechanical production Expert Council</p>  <p>«Internet of Things» – Crude oil production optimization tool</p>	<p>Conference</p> <p>Partner: Foundation for development of tube industry</p>  <p>Innovative development of Russia's pipeline sector</p>
13:00-15:00	<p>Forum</p> <p>China's production capacity in the service of the Russian oil and gas complex: the experience of using Chinese technologies in large Russian projects</p>	<p>Forum</p> <p>Partner: European-Russian Business Association / ERBA</p> <p><i>Continued</i></p> 	<p>Conference</p> <p>Partner: Schneider Electric</p>  <p>Topic tbc</p>	<p>Master-class</p> <p>Partner: Crude oil mechanical production Expert Council</p>  <p>«Autotechnolog» – software import replacement system element for the Russian oil industry</p>	<p>Conference</p> <p>Partner: Russian pump manufacturers association / RPMA</p>  <p>The role of standardization in improving local pumping equipment for the oil and gas complex</p>

15:30-17.30

Oil and Gas Refining and Petrochemicals

**Conference
Partner: Skolkovo
Foundation**

Modern technologies of refining and petrochemistry

**Conference
Partner: GCE Group / Center of expertise**

Industrial and labor safety: problems and solutions

**Conference
Partner: Federal Agency for Technical Regulation and Metrology / FGUP VNIIMS**

Oil & Gas industry metrological provision

**Conference
Partner:
ICoTA / Intervention & Coiled Tubing Association**

Technologies and equipment for high-tech oil and gas services

**Conference
Partner: Scientific and industrial valve manufacturers association / NPAA**

Technical session 1
Experience using valves and fittings at PJSC «Gazprom» facilities

Technical session 2
Machine-building production for PJSC «Gazprom neft» facilities

Day 4 • 21st June • Thursday

	RPGC 1 Hall	RPGC 2 Hall	Congress Hall 1 Hall 13	Congress Hall 2 Hall 14	Congress Hall 3 Hall 14
	Procurement of equipment and technologies for the Oil and Gas Complex	PR and Communications in the Oil and Gas Industry	Automation for the Oil and Gas industry	Development of Oil and Gas fields	Education and Careers in the Oil and Gas Industry
10:30-12:30	Master-class Partner: TEK-Torg  Participation in procurement procedures on TEK-Torg online-trading platform	Communication Forum MIOGE 2017 Partner: Center for Development of Communications of the Fuel and Energy Complex  How to develop effective communications in the Oil and Gas industry	Round table Partner: COMNEWS  Implementation of the programme «Digital economy» in Russia's oil & gas industry	Technical Seminar Partner: Novosibirsk R&D Center and Digital Field Technologies   Digital oil well	Conference Partner: Gubkin Russian State University of Oil and Gas (National Research University)  Modern methods of specialists training for the oil & gas industry
13:00-15:00	Master-class Partner: TEK-Torg <i>Continued</i> 	Communication Forum MIOGE 2017 Partner: Center for Development of Communications of the Fuel and Energy Complex <i>Continued</i> 	Round table Partner: COMNEWS <i>Continued</i> 	Technical Seminar Partner: Novosibirsk R&D Center and Digital Field Technologies <i>Continued</i>  	Conference Partner: Cornerstone  Topic tbc

MIOGE 2018 Technical Programme Committee:

This year's agenda has been developed with the input and guidance of the industry experts represented on the Programme Committee:

Anatoly Dmitrievsky

Member, Russian Academy of Sciences; Director, Institute of Oil and Gas Problems, Russian Academy of Sciences

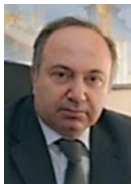

Viktor Martynov

Rector, Gubkin Russian State University of Oil and Gas (National Research University)

Anatoliy Zolotukhin

Senior Vice-president, World Petroleum Council / WPC; Counsellor, International affairs, Head of science, Institute of Arctic Petroleum Technology State University of Oil and Gas (National Research University); Head of Department, Northern Arctic Federal University

Alexander Oganov

General Director, Association of Drilling Contractors

Mikhail Gelfgat

Professor, Department of Oil and Gas Wells Drilling, Gubkin Russian State University of Oil and Gas (National Research University)

Anton Ablaev

Moscow section director, Society of Petroleum Engineers / SPE; Business development manager, Schlumberger

Alexey Mastepanov

Member of the Russian Academy of Natural Sciences; Deputy Director, Institute of Oil and Gas Problems, Russian Academy of Sciences
