

TKM International Consulting provides services in the fields of protection of intellectual property rights and strategy consulting. Since 2014, we have been successfully providing complex brand protection services from both outside and inside threats in Russia, Ukraine, and the CIS countries. More than 100 world-famous luxury brands trust us.

We offer Association of European Businesses members:

1. A **free report on counterfeits** of their brands that are present in a particular region. The report includes: a number of counterfeits found in a region, distribution channels (online and offline), assessment of damages caused by fakes, and a detailed strategy and recommendations on fighting counterfeiting.
2. A **10% discount** on brand protection services.
