14:15-16:00

**B2B MEETINGS**

A special session of **direct negotiations between car manufacturers and car components producers** will be held in the scope of the Forum Programme.

**Event format:**

The timetable of meetings is agreed with the Exhibition Organizing Committee in advance. Before the event all negotiating parties will get an individual timetable of their meetings. Duration of each meeting: 10 minutes.

**How that works:**

We get Executive Officers and Managers of Procurement Departments together.

You arrange to see required Buyers in particular time in advance. A timetable of meetings is drawn-up.

At the appointed time you come to an individual table.

**For car components manufacturers** it is an opportunity to conduct negotiations on supplies for 1 day at single hall without wasting the time. **Список участников будет объявлен позже**

**List of participants will be announced shortly.**
