

## ALRUD announces the appointment of new Partners

We are pleased to announce that starting **from 1 September 2023**

### *Alexander Kleshev and Ekaterina Boeva have been appointed ALRUD Partners*

[Alexander Kleshev](#)'s promotion to a Partner is a logical step in his career. Having started as a Trainee, Alexander has traversed a long professional path during his nine years at ALRUD and proved to be a highly professional expert and competent manager who can handle tasks of any difficulty.

Alexander specialises in complex cross-border and Russian corporate transactions involving mergers and acquisitions, establishment of joint ventures, corporate reorganisations, re-domiciliation of companies, private equity transactions. He advises clients active in the areas of corporate governance, strategic investments, the insurance and brokerage business, and to financial organisations.

[Ekaterina Boeva](#)'s appointment as a Partner and Head of Banking and Project Finance Practice will create new opportunities to solidify and develop the practice due to the extensive experience she has gained over the past nine years in supporting complex projects and her commitment to the firm's interests and her effective teamwork.

Ekaterina specialises in main types of bank and equity financing (trade, export, mezzanine, bridge, asset, real estate and acquisition finance), is involved in syndicated lending projects, manages international and Russian financing transactions, whilst representing both lenders and borrowers, supports clients in restructuring projects and has also actively advised clients on counter-sanctions regulation in financing transactions over the last year.
