

The International School of Moscow is pleased to invite you to join our  
**ISM Rosinka Virtual Open Day,**  
to find out about ISM Rosinka facilities, warm international community and  
the various learning opportunities for students aged 2 to 11.

Date: Thursday, 28<sup>th</sup> January 2021

Time: 16:30 – 17:30

Format: live in [Zoom](#)

Language: English

The International School of Moscow first opened its doors to students in August 2007, at our Krylatskoe Campus. In 2014, we launched a new campus in Rosinka.

ISM Rosinka offers a contemporary English international education and an exceptional outdoor educational programme to students aged from 2 to 11. ISM Rosinka campuses are located inside the Rosinka International Residences' gated territory in the north-west of Moscow.

The International School of Moscow Rosinka is truly unique and is the only place in Moscow where students are able to walk or cycle to school.

Our webinar is designed to give parents an overview of our high standards of teaching and student support and an opportunity to find out about our learning process first-hand. We will give an insight into our unique family-oriented international community and the various opportunities for students on offer at ISM Rosinka.

We are excited to introduce multiple speakers presenting their areas of expertise.

- Head of Rosinka Campuses
- EYFS Phase Leader
- Primary Phase Leaders

You will also have the opportunity to ask our panel questions.

We invite you to complete our short registration form to reserve your (virtual) seat for our Webinar.
